

# Grow a Row or Pick a Branch

Grow and donate your homegrown produce to Bendigo Foodshare so that everyone in our community can have access to healthy food

## We need your help!

- In your garden this year, plant and grow an extra row of your favourite veggies to then donate the harvest to Bendigo Foodshare.
- If you do not have room for an extra row, you can still participate by donating your excess harvest of fruit or veggies.
- Encourage or coordinate your local street, friends, family, school, workplace or community to Grow a Row or Pick a Branch.

## What can I grow and donate?

Grow what you enjoy growing and eating. We welcome a variety of fresh homegrown fruit and vegetables. No donation is too small or too big, we are grateful for a small bag or a truck load.

## Where do I donate?

Donations can be dropped off at the Bendigo Foodshare warehouse:  
2/43 Havilah road, Long Gully VIC 3550.
